

## Acoustifoam™ STICK-ON Ceiling Tiles *Data Sheet*

The **Acoustifoam™ STICK-ON Ceiling Tiles** provide the same benefits as the GRID Ceiling Tiles but without the requirement for being installed and held by gravity into a ceiling grid. The STICK-ON Ceiling Tiles mount directly onto the ceiling, adding texture and relief to what otherwise would be a flat surface. The STICK-ON Ceiling Tiles are tremendously effective at bringing acoustic comfort into noisy and/or echoey spaces.
